

When power is essential

T30S is a 3 kW threephase industrial vacuum ideal for metal industries. It can collect wet and dry material and is available with 50 or 100 L extractable container. Several disposal systems such as plastic bag or Longopac ("endless bag") available.

The side channel motor placed on the bottom of the chassis make this vacuum really maneuverable and suitable to operate in tiny environments.

Model T30S is available in 3 main versions: with 50 or 100 L container and with gravity unload system with plastic bag or Longopac ("endless bag").

This last model is also equipped with a M class main filter for the collection of very fine and hazardous dust.

- Gravity unload with plastic bag or Longopac version
- Compact and ergonomic
- 3 kW threephase side channel blower for continuous use
- L or M class filter versions
- Extractable container with castors and handle
- Manual filter shaker
- Accessories box, cable and hose holder
