

The first digital and fully modular 2kW L-M-H industrial vacuum

Model S2 is equipped with 2 bypass motors, it is easy to use thanks to the electronic board supplying real-time data about the filter efficiency, it is easy but strong. L-M-H certified for the collection of hazardous dust. S2 is equipped with a control panel supplying real-time information about the vacuum efficiency. It is available with 40 liters containers, L-M-H certified, in stainless steel, with absolute filter HEPA H14 (for the collection of very fine or toxic dust), with nomex filter (ideal in case of collecting of hot substances), with electric filter shaker: many versions for many different needs. From today it is easier working!

- L, M, H certified to collect safely hazardous material
- constant check of the vacuum efficiency
- ergonomic
- high filtering efficiency
- silent
- modular and suitable for any industrial application

- Standard equipment
